

SAMI MAWASS

Data Analyst · BI Developer

Tripoli, North Lebanon | sami.mawass@outlook.com | linkedin.com/in/sami-mawass

PROFESSIONAL SUMMARY

Analytics-focused BI professional specializing in Power BI and SQL, with 4+ years at Cedars BC delivering enterprise reporting and analytics solutions for clients across 7 countries, including government, higher education, FMCG, and SaaS. Experienced in production semantic modeling, report deployment, and row-level security administration. Growing focus on Analytics Engineering, modern data platforms, and AI-enabled analytics.

CORE COMPETENCIES

Data Modeling (Star Schema) · Enterprise Reporting · Row-Level Security (RLS) · Report Server Deployment · Performance Optimization · Stakeholder Training · Client Consulting

TECHNICAL SKILLS

Power BI (Desktop, Service, Report Server) · SQL (SSMS) · DAX · SSAS Tabular · Power Query (M) · Data Visualization
Currently expanding: Python, dbt, Azure data platforms, Git

PROFESSIONAL EXPERIENCE

Data Analyst · BI Developer, Cedars BC

Lebanon | Mar 2022 – Present

BI consultancy delivering analytics solutions to enterprise clients across the Middle East, Europe, and beyond.

- Rebuilt the SSAS Tabular model for a UAE national higher education institution (~25,700 students) into a proper star schema, cutting data refresh time from ~30 minutes to ~6 minutes (~80% improvement).
- Delivered end-to-end BI for the same engagement: wrote SQL views, extended the semantic model, built Power BI reports, and deployed via Power BI Report Server.
- Managed production user access and row-level security, and trained a business user to administer RLS independently, removing a recurring dependency on the consulting team.
- Delivered analytics and reporting solutions across 16 enterprise clients in 7 countries, spanning government, higher education, FMCG, oil & gas, SaaS, and Healthcare.
- Built reporting solutions for a Scotland-based IT services firm serving an FMCG manufacturer, covering sales and operations analytics.
- Mentored BI interns on Power BI, DAX, data modeling, and reporting standards.

EDUCATION

Bachelors in Management Information Systems, Lebanese University | 2022

CERTIFICATIONS

- DP-600: Microsoft Fabric Analytics Engineer Associate
- PL-300: Microsoft Power BI Data Analyst Associate
